

Please note that if you have an email address populated in your abgU profile, you have the ability to reset your own password by using the “Forgot Password” option located on the main page. If you do not have an email address populated in the system, you will have to contact HR4U to have them reset your password for you. Once you have access, be sure to enter/update your email address so that you can use the “Forgot Password” option in the future if needed.

Dealers, Licensee and Agency users – please inform the HR4U representative that you are a non-corporate user and provide them your abgU ID so that they can reset your account password.

Tip: Agency Operator User IDs are typically your 9 digit training ID or your 4 or 5 digit location code with an “a” or “b” at the beginning. (Ex. A00547). Dealer’s User ID is your Truck Dealer code.
